WELCOME TO BALLOON FIESTA®

For nine days in October the Albuquerque International Balloon Fiesta, creates an enchanted world of special shape balloon rodeos, twilight balloon glows, and vibrant balloon-filled skies. Brisk autumnal mornings in the Rio Grande Valley create an other-worldly backdrop for the breathtaking majesty of our most popular event, Mass Ascension. The experience of watching hundreds of gentle airy giants take flight is at once humbling and inspiring. It's the allure of these magical moments and more that have continued to bring ballooning fans worldwide together for more than 51 years.

OUR GEOGRAPHY MAKES IT BALLOONING CENTRAL

Autumn is one of the most enjoyable times of year in New Mexico. This peaceful prelude to winter means that brisk mornings give way to warm afternoons, with mild temperatures throughout the day and typically gentle winds. This ideal weather combined with its diverse altitudes and geography, makes Albuquerque an ideal location for ballooning at this time of year. The lower altitude of the river valley to the west, higher altitude of the mountain range to the east and the prevailing winds aloft create the legendary “Albuquerque Box,” in which gentle winds blow in a box pattern, sometimes leading balloons right back to where they started. This natural phenomenon makes Albuquerque home to some of the best ballooning in the world.

WHAT IS THE ALBUQUERQUE INTERNATIONAL BALLOON FIESTA?

Any local will tell you October is the most beautiful time of year in New Mexico, made so in large part by the much anticipated sight of colorful balloons punctuating the skyline. During this season, the sky is bluer, the days are gentler, and the mornings crisper -- almost as though the landscape has taken a deep sigh -- and on the desert's warm breath sails the annual Albuquerque International Balloon Fiesta. For more than half a century, this age-old form of flight, which has captured the human imagination for hundreds of years, is celebrated in a 9-day event that draws the devout, the curious and the novice balloonists to the world-famous Balloon Fiesta Park.

Sid Cutter, who passed away in 2011, is recognized and honored as the father of hot air ballooning in Albuquerque. Sid was responsible for organizing the first three balloon “fiestas” in Albuquerque and continued to make major contributions to the event.

Balloon Fiesta Park's launch field alone is comparable to the size of 54 football fields. This 60+ acre area is necessary to accommodate the 500+ balloons that launch during the event. The total expanse of the Park is a whopping 365 acres, custom designed to facilitate the largest ballooning event on earth. Since its humble inception at a shopping mall parking lot in 1972, with a total of 13 balloons, the Albuquerque International Balloon Fiesta has grown into the most photographed event in the world.

BALLOON FIESTA FREQUENTLY ASKED QUESTIONS

WHAT DO CHASE CREWS DO?

A chase crew helps the pilot inflate and deflate his/her balloon for each flight. If you are interested in being on a chase crew, you can register online at balloonfiesta.com/Crew-Registration (starting July 15). On-site crew registration is 5:30 - 7:30am and 4:30 - 6:30pm daily at the Crew Corral located just north of the Sid Cutter Pilots' Pavillion.

WHAT IS DAWN PATROL?

Dawn Patrol occurs every morning weather permitting. The sponsored Dawn Patrol Show occurs on Mass Ascension days. The Dawn Patrol consists of a group of selected balloons that launch prior to sunrise every morning.

WHAT IS MASS ASCENSION?

Our most popular event, the Mass Ascension is when all 500+ balloons launch from Balloon Fiesta Park during the same time frame. It usually takes less than two hours for all 500+ balloons to launch. Mass Ascension is scheduled on weekend mornings and Wednesday morning. On other days during Balloon Fiesta all balloons are allowed to fly, the difference is half of the balloons will launch at the park and fly away and the others will launch away from the park and fly into the park, most of these balloons will be in various competitions.

WHAT IS ALBUQUERQUE ALOFT™?

On the Friday before Balloon Fiesta starts, registered pilots of Balloon Fiesta launch from designated elementary schools throughout Albuquerque and Rio Rancho as community flights.

I SEE DIFFERENT TYPES OF BALLOON GLOWS, WHAT'S THE DIFFERENCE?

Each Glow is a static display of the balloons after sunset in which their burners illuminate them. The Balloon Glow is the original and largest of this type of event and occurs on the first Sunday night. The Twilight Twinkle Glow™ occurs on the first Saturday night, the Night Magic Glow™ occurs on the second Saturday night while the AfterGlow™ after each glow involves a fireworks show. *For evening events, bring a flashlight. Also, take note of where you have parked your car — it may be more difficult to find in the dark. Download the Balloon Fiesta App to use the Find My Car feature to pin your car's location.*

WHAT IS THE SPECIAL SHAPE RODEO™/GLOWDEO™?

Due to their whimsical quality, some of the favorite events at Balloon Fiesta are the Special Shape balloon events, which are showcased on Thursday and Friday mornings and evenings. The Special Shape Rodeo™ is the morning flying event, followed by the Special Shape Glowdeo™ in the evening.

A Glowdeo is a static display of the special shape balloons in which their burners illuminate them. The special shape balloons have included a stagecoach, larger than life animals and space creatures.

WHAT IS FLIGHT OF THE NATIONS?

This event honors of the countries represented at Balloon Fiesta with up to two balloons per country displaying their nation's flag. The Flight of the Nations occurs on the Wednesday prior to Mass Ascension after the "Sponsor of the Day" balloon launches.

BALLOON FIESTA FREQUENTLY ASKED QUESTIONS

WHAT IS BALLOON FIESTA LIVE!?

For those who cannot make it to the Balloon Park you can still be a part of all the spectacle of everything that is the Balloon Fiesta by watching our live stream of each session's activities. Just go to balloonfiesta.com/Live-Stream and start watching from the comfort of your hotel or home. You can also watch shows from past years to relive or prepare for your visit.

WHAT DO I NEED TO KNOW ABOUT TAKING PHOTOS?

Photography is welcome and encouraged at Balloon Fiesta. We take great pride in being the most photographed event in the world.

Tips: To achieve bold, intimate photos without the clutter of crowds and movements, move in closer, or have your subject move closer to the camera with a balloon filling the frame as the background. Close-ups of detail capture unique, unexpected moments, while an overall view can show the magnitude of the experience.

The best times of day to capture incredible photos are during the "magic hours" of dusk and dawn, when the warm glow of the balloons blends with the richness of the sky. This technique has been coined the "jewel box effect," and is best shot with a tri-pod and high-speed film or ISO because of the low light.

WHAT ARE THE GONDOLA & CHASERS' CLUBS? (See Page 10)

The Gondola and Chasers' Clubs are two different options to upgrade your Balloon Fiesta experience during a morning or evening session. Depending on the venue you select, you will enjoy a variety of VIP treatments and a special viewing area of the day's events. See the complete details on page 10.

To buy Gondola Club tickets, visit the Gondola Club page on our website balloonfiesta.com/Gondola-Club

To purchase Chasers' Club tickets, visit the Chasers' Club page on our website balloonfiesta.com/Chasers-Club

WHAT DO I WEAR AND WHAT IS THE WEATHER?

Generally, temperatures in the morning are around 40°F, warming up to about 70°F by noon. Bring a jacket and dress in layers. Also remember to wear comfortable walking shoes. Bring sunscreen to put on after the sun is up. You will be at a high altitude and are at risk for sunburn. Bring appropriate eye protection. Sun and wind could be your enemies on a bright, sunny or windy day. For further weather information, visit balloonfiesta.com.

WHERE SHOULD I STAY?

Contact Balloon Fiesta Travel to reserve a hotel, balloonfiestahotels.com, or at 833.229.9777.

CAN YOU PARK AN RV AT THE FIELD?

ALBUQUERQUE FACTS

Albuquerque is the largest city in New Mexico, the state known as the Land of Enchantment. It is situated at 5,000 feet (1,539 meters) above sea level and is a prime location for hot-air ballooning because of the “Albuquerque Box.” The Albuquerque area is home to more than 900,000 residents, and its vibrant cultural diversity can be seen in the many aspects of daily life here. People are drawn to the area for its unique and varying landscape, including the majestic Rocky Mountains, red rock mesas, high desert vegetation and the picturesque Rio Grande river valley.

The area is known for its high quality of life and fair weather. It is also one of the nation’s most dynamic art communities. Albuquerque is centrally located making it an easy drive from Denver, Dallas-Ft. Worth, Phoenix, Tucson, El Paso, Oklahoma City, Colorado Springs and Las Cruces, which cities boast a combined metro population of more than 12 million.

ALBUQUERQUE FACTS

Albuquerque’s major streets run on a grid system. Most of the main streets will run either north-south or east-west. The address numbers start at Central Avenue at the railroad tracks in downtown Albuquerque and emanate outward. Sandia Mountains are to the east. Apps such as Google Maps provide accurate and reliable navigation, helping guide you around town. Please review our traffic maps because during Balloon Fiesta sessions roads may be temporarily closed, so be sure to follow our signs.

The Balloon Fiesta Office and Gift Shop are located on Alameda Blvd. one mile west of I-25. During the event, the access routes into Balloon Fiesta Park will change based on the day of the week (weekday or weekend), as well as the direction from which you are coming (east or west). Please view our Getting to the Park section starting on page 7 for maps and directions.
